Description

360 Goaltending camps are designed to work with each individual athlete at every skill level. We focus on developing basic techniques for those who are starting out as well as providing extensions and reinforcement for those at an elite level. Our curriculum is laid out so that each session builds off the previous and a progression of skills are fostered. Areas of focus include edge work, positioning, save selection, post play, puck handling and much more. Our team of highly trained coaches will be working with the athletes in groups no larger than 3:1, goalie to instructor ratio in order to optimize learning and fun for all.
