

WHAT TO EXPECT

We want to provide the safest facility environment possible, while providing the best experience within our building and on our sport surfaces. Here's how we're doing it:

Check-in at our designated lanes outside the facility, 20 minutes prior to your booking start time.

Zone control attendant will ensure all patrons have completed their pre-screening questionnaire.

Our Health and Safety Ambassador will direct you to your dressing room where you'll be socially distanced.

Directional signs throughout the building will indicate physical distancing requirements and where to go next.

Benches have designated seating to ensure social distancing.

Water bottles have designated spots on the benches to ensure physical distancing.

No showering.

Limit to 6 participants per dressing room.

Limited amenities; no access to our Sport Shop or Wild Wing Restaurant.
